HARAPRASAD HOTA

AI/ML Engineer | Python, LLMs, AI Agents, RAG, FastAPI
Puri, Odisha | +91 8093383694 | haraprasadhota1@gmail.com
linkedin.com/in/haraprasad-hota-25585b248 | github.com/hk4crprasad | gitlab.com/hk4crprasad

SUMMARY

MCA student and AI/ML engineer with 3+ years of remote industry experience alongside studies, building LLM applications, AI agents, RAG pipelines and FastAPI backends. Backend and AI engineer on Nutaan (300+ paying, 150,000+ free users) and sole developer of nutaan-cli, an autonomous coding agent on PyPI. Seeking an AI/ML Engineer or Software Engineer role.

EDUCATION

Master of Computer Applications (MCA), IMIT Cuttack | CGPA: 7.80 (Sem 1), 7.83 (Sem 2) — 2025 - 2027
Bachelor of Computer Applications (BCA), College of Management and Technology, Puri | CGPA: 8.23 — 2022 - 2025
Higher Secondary (12th, Science), CHSE Odisha, Regional H.S. School, Nimapara, Puri | 73.67% — 2020 - 2022
Secondary (10th), BSE Odisha, Bhagabati Nodal High School, Rupadeipur, Puri | 74.50% — 2020

EXPERIENCE

Cynerza Systems Pvt. Ltd. | AI/ML Engineer | *Bhubaneswar, Odisha (Remote)* — **Jan 2026 - Present**
- Built LLM-based AI agents, automation workflows and REST APIs (Python, FastAPI, LangChain) for a company serving 200+ paying customers.
- Developed generative and multimodal AI features; deployed services on Azure and AWS with Docker and CI/CD pipelines.

Tecosys AI Pvt. Ltd. | AI/ML Engineer (Backend and AI) | *Kolkata, West Bengal (Remote)* — **Jan 2024 - Dec 2025**
- Backend and AI engineer on **Nutaan**, a 24/7 voice-AI calling assistant in 70+ languages serving **300+ paying and 150,000+ free users**; built FastAPI services, LLM workflows and call summarization.
- Single-handedly built **nutaan-cli**, an autonomous AI coding agent published on PyPI (see Projects).
- Built YouTube-summarizer and lead-generation FastAPI services; set up Docker-based CI/CD on Azure.

Kreaitor (stealth crypto startup) | Backend and DevOps Engineer, Part-time | *Singapore (Remote)* — **Jul 2022 - Jun 2024**
- Built FastAPI backend services and AI integrations; managed Docker deployments, CI/CD pipelines and monitoring.

PROJECTS

Nutaan CLI: Autonomous AI Coding Agent | Python, LangChain, LangGraph, Rich | Sole developer
- Terminal AI agent (like Claude Code) on a LangGraph ReAct loop: plans tasks, edits code, runs shell commands, searches the web.
- Human-in-the-loop approval layer pauses risky tool calls (bash, file writes) for user approval, saved across sessions.
- Added task planning with progress tracking, a think mode, session history and multi-provider LLM support; published on PyPI.

MediKiosk: AI Clinical History Intake Kiosk | FastAPI, Next.js, PostgreSQL, Azure OpenAI — **SIH 2026, 1st Runner-up**
- Self-service OPD kiosk for government hospitals (SIH26047, Ministry of AYUSH): patients give history by touch or voice in their language; doctors get a physician-verified AI summary.
- Adaptive question pathways, red-flag triage, speech-to-text, text-to-speech, OCR and FHIR R4 export; deployed on Docker and Azure Blob.
- Built solo by directing the OpenCode AI coding agent; owned design, architecture, code review, testing and deployment.

SIH 2026 Internal Hackathon Portal, IMIT Cuttack | Next.js, Heroku | Sole developer — 2026
- Built and ran the official registration portal for the college's SIH 2026 internal round, used by **18 teams (108 students)**: 6-step form, team-size validation, leader login, problem-statement search.

LearnSync: AI-Powered Education for Rural Areas | TypeScript, Python — **BPUT Hackathon 2025, 3rd**
- Adaptive learning platform with AI-personalized content and a chatbot tutor for rural students.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, SQL | **Other:** Reverse Engineering, AI Coding Agents (OpenCode)
AI / LLM: LangChain, LangGraph, CrewAI, AI Agents, RAG, OpenAI/Azure OpenAI, Prompt Engineering, NLP, Hugging Face, Whisper
Backend and Web: FastAPI, Django, REST APIs, Next.js, PostgreSQL, MongoDB
Cloud and DevOps: Docker, CI/CD, Git, GitHub, GitLab, Azure, AWS, Heroku, Linux, n8n

CERTIFICATIONS

AI For Everyone, DeepLearning.AI (Coursera) — Dec 2025
Backend Development and API Creation, Packt (Coursera) — Dec 2025
Advanced Frontend Development and Deployment, Packt (Coursera) — Dec 2025
Advanced Relational Database and SQL, Coursera Project Network — Dec 2025

ACHIEVEMENTS

- **1st Runner-up**, Smart India Hackathon 2026 Internal Round, IMIT Cuttack, for MediKiosk.
- **3rd Position**, BPUT Hackathon 2025 (Biju Patnaik University of Technology), for LearnSync.
- Published open-source package nutaan-cli on PyPI; 1,950+ GitHub contributions since January 2024.
